YOU LOST YOUR PET!

Put the card with the picture of your pet here.

Study your card. Look for details that seem unique.

You will need to give your drone's machine learning program information (clues) to help you find your pet.
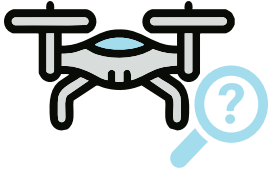

The Tech Interactive

Write your clues in the boxes below.

- Your clue cannot name the animal in the picture.
- Each clue can be *up to 5 words.*

**Challenge 2 only:** Ask: How confident are you that it's that animal?

The Tech Interactive
